

**AN ORDINANCE CERTIFYING AND APPROVING
THE NEED FOR THE SERVICES OF A
CONSULTANT TO PROVIDE PROFESSIONAL
ENGINEERING SERVICES TO ASSIST IN THE
DESIGN AND CONSTRUCTION SERVICES FOR
PROVIDING A RELIEF SEWER TO THE EXISTING
G.S. INTERCEPTOR AND REVISING THE 1979
HARBER DITCH INTERCEPTOR EXTENSION
DESIGN.**

WHEREAS, the City of Fort Wayne through its Board of Public Works, pursuant to State of Indiana Statutes and the provisions of Chapter 51 of the City of Fort Wayne Code of Ordinances, implements and enforces the rules and regulations for the safe, economical and efficient management and operation of the City of Fort Wayne's sewage works; and

WHEREAS, Chapter 51, Section 51.015(H) of the of Fort Wayne Code of Ordinances provides "A new connection may be made to a city sewer or sewers connected to the city system only after there has been adequate assurance by the City that the downstream facilities of the sewage works have adequate capacity to transmit and treat the new waste loadings;" and

WHEREAS, the 1994 Wastewater Facilities Master Plan indicates a capacity problem in the G. S. Interceptor causing surcharging and backups; and

WHEREAS, the City of Fort Wayne, through its Board of Public Works, desires to relieve sewer backups in the system served by the G.S. Interceptor and the 15" and 18" sanitary sewers north of the sewers serving the airport by extending the Harber Ditch Interceptor; and

WHEREAS, the City of Fort Wayne, through its Board of Public Works, desires to capture, control and maximize the flow to the Water Pollution Control Plant; and

WHEREAS, the Board of Public Works desires to hire a consultant for professional engineering services to assist in the design and construction services for providing a relief sewer to the existing G.S. Interceptor; and

WHEREAS, the City of Fort Wayne does not have the capability of performing this work with in-house forces; and

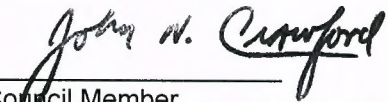

WHEREAS, it is anticipated that the amount to be paid to said consultant, on an annual basis, will be in excess of \$100,000.00.

**NOW, THEREFORE, BE IT ORDAINED BY THE COMMON COUNCIL OF THE
CITY OF FORT WAYNE, INDIANA:**

1 **SECTION 1.** The Common Council of the City of Fort Wayne hereby certifies and
2 approves the need for the services of a consultant to provide professional engineering
3 services for the design and construction services providing relief sewer to the existing G. S.
4 Interceptor.

5 **SECTION 2.** This Ordinance shall be in full force and effect from and after its
6 passage and any and all necessary approval by the Mayor.

Council Member

APPROVED AS TO FORM AND LEGALITY

J. Timothy McCaulay, City Attorney

MEMORANDUM

TO: Common Council Members

FROM: Wendy L. Reust, ^{WLR}Capacity Improvement Manager

DATE: March 11, 1997

RE: Resolution Approving the Spending of More Than \$100,000 per Year for a Consultant(s)

The G.S. Interceptor and the 15-inch and 18-inch sanitary sewers north of the airport were identified in the recently completed Capacity Improvements Study for the St. Marys Interceptor Basin as being overloaded. The purpose of this project is to alleviate the current problem of the overloaded G.S. Interceptor serving the southwest portion of City's service area and the 15-inch and 18-inch sanitary sewers north of the airport. This project will focus on providing a 30-inch relief sewer to parallel the existing G.S. Interceptor, paralleling Fairfield Ditch from Lower Huntington Road to the siphon inlet structure southwest of Foster Park and east of Bluffton Road. This project will also revise the 1979 Harber Ditch Interceptor Extension design so that it can be constructed. The design of these projects are funded by the sewer utility revenue and construction of these projects will be funded by a TIF bond. The City of Fort Wayne, Division of Utilities, does not have the in-house personnel to do this work and desires to hire Consultant(s) for professional engineering services to assist in the design and construction management on the proposed relief sewers.

DIGEST SHEET

TITLE OF ORDINANCE SPECIAL ORDINANCE

DEPARTMENT REQUESTING ORDINANCE PUBLIC WORKS/WPC ENGINEERING

SYNOPSIS OF ORDINANCE APPROVES CONSULTANT FOR PROFESSIONAL
ENGINEERING SERVICES FOR THE DESIGN AND CONSTRUCTION MANAGEMENT
OF RELIEF SEWERS FOR THE EXISTING G.S. INTERCEPTOR/SANITARY
